Benefits for members:

- Membership of the ITTE email list
- Free copies of the ITTE Newsletter and Teaching, Pedagogy and Education journal (three of each per year)
- Access to members only pages on the ITTE website
- The support of ITTE in campaigning on behalf of its members
- Reduced rates at ITTE events

ITTE is the leading UK professional association of teacher trainers and educators in schools, colleges and universities with an interest in improving learning through

- the embedded use of digital technology and the teaching of digital literacy
- information technology, and
- computer science.

ITTE is a unique supportive community and has a continuing role in disseminating good quality research and sharing good practice, primarily through the annual conference, journal and website, and representing members' views to policy makers. Through this community it supports individuals and institutions in responding to and implementing change in an informed way and gives them a voice in educational matters.

We represent members' views on the

- Place and content of digital technology and computing in the curriculum
- Design and implementation of teacher pre-service courses and continuing professional development
